The 'Female Finance' community presents: the risk factor

Date: Tuesday 1 October, 2024

Time: 11.45am - 1.30pm

Place: LGT Conference Room on the 7th Floor, Bleicherweg 19, Zurich 8002

Risk is part of life. So how can we deal with it sensibly, without jeopardising our assets? This is what we will be discussing at our event "The Risk Factor" on Tuesday 1 October at the offices of LGT Private Banking in Zurich's financial district. Together with a small group of likeminded women and LGT Portfolio Advisor Oyvin Furustol, you will delve deeper into the topic of investment risk – and learn how to navigate it. A light lunch will be provided.

Regardless of whether you are an experienced investor or new to the world of investing, we encourage you to join this interactive session. Following the event, you will have the opportunity to join LGT's Female Finance community, which has the mission to empower women to make more confident investment decisions.
